CAUSE OF ACTION 5

On July 1, 2025 while the plaintiff was visiting his Mom at a retirement home in Pasadena, California there was a strong directed energy attack that caused bio-effects like incontinence. Plaintiff ' s Mother reports directed energy that disturbs sleep and has to be medicated. A lawsuit was filed in district court #2: 25-cv-08341-CV- AJR but later dropped. The Plaintiff ' s Mom has complained to son but was apprehensive testifying but the plaintiff has a letter where she reports " electric pestering. " The plaintiff ' s Mother also has a metal plate in her head from prior brain surgery and the plaintiff ' s father said the doctor told him to keep her away from microwaves. Targeting the plaintiff ' s mother to cause suffering using directed energy would be cruel and unusual punishment, in Wright, 430 U.S. 651 (1977), the Supreme Court stated that the "unnecessary and wanton infliction of pain. " Plaintiff ' s Mother wasnt violating any laws. However her targeting could be a violation of state laws like The Tom Bane Civil Rights Act. In Weems v United States, 217 U.S. 349 (1910), states cruel and unusual punishment is not tied to narrow historic interpretation, meaning using directed energy can be a violation of the 8th or 14th Amendments. In 2025 Social Services investigated a complaint about bullying by a tennant named Carl that Plaintiff ' s Mom said was former military but Plaintiff ' s Mom was reluctant to report further. In 2026 the Plaintiff ' s Mom would call the ambulance telling Plaintiff " something wasn ' t right " and was moved to a nursing home near Plaintiff ' s sister who is her legal guardian and dismissive of allegations of directed energy abuse. Plaintiff ' s father in Italy was also targeted over his UFO propulsion ideas and ionocraft UFO electric thrust. The Plaintiff argues the directed energy targeting attributed to his death dying of high blood pressure. Targeting family and sleep deprivation are torture tactics described in the 2014 Senate Report on CIA Torture that also
